Any transfers of *Burkholderia pseudomallei* resources obtained through membership of VALIDATE are not permitted. A non-exhaustive list of potential re-export scenarios which should be avoided include:

*With regards to the restriction on out-of-country accessing of *Burkholderia pseudomallei* resources: if you will be travelling out of your home country and know in advance that you will need to access a controlled resource ahead of time (e.g. a seminar on *Burkholderia pseudomallei* is scheduled to take place while you are abroad on a work trip), do contact the VALIDATE Team for advice, as we will be able to advise whether the country you will be accessing from is covered by our licenses or not, and whether the access can take place.

7. Updates to terms and conditions

We will post a notification of any changes to the terms and conditions of membership on the VALIDATE website and notify you by email. You have the option to terminate your membership if you do not agree with future changes to terms and conditions.
